

Radiologic Technology

Radiologic Technology

This program provides the didactic and clinical content required to prepare graduates to apply to write the American Registry of Radiologic Technologists (ARRT) examination for Radiographers. The curriculum includes instruction in the art and science of using radiation to provide images of tissues, bones, and blood vessels of the human body. Upon successful completion of the examination, graduates are certified as Registered Radiologic Technologists. RT (ARRT) (R).

Application Procedures and Deadline

Classes are admitted in August. Class size is limited; and all applicants are not accepted for participation.

All applicants will have an equal opportunity regardless of race, age, disability, sex, creed, religion, or nationality.

Applicants with special needs due to disability must make this fact known prior to admission, so that necessary accommodations can be made. Because of the nature of the profession it may not always be possible to accommodate students with severe disabilities.

Deadline for application is the 2nd Friday in April.
