

SUPPLY CHAIN MANAGEMENT TECHNOLOGY

2021

TRANSPORTATION OPTION

An Associate Degree in Supply Chain Management prepares students to manage and coordinate all logistical functions in an enterprise. Students will receive a fundamental introduction to the field of Supply Chain Management in conjunction with basic business technology success skills, ranging from acquisitions to receiving and handling, through the internal allocation of resources to operations units, to the handling and delivery of output. This program includes instruction in acquisitions and purchasing, inventory control, resource estimation and allocation, and budgeting.

BE SURE TO CHECK THE COLLEGE CATALOG FOR PREREQUISITES BEFORE ENROLLING IN A CLASS
